Students are required to check in with a band director, and play for at least 30 minutes for the lesson to count.

---

## MAKEMUSIC CLOUD

The North Band program utilizes an online classroom tool called MakeMusic Cloud to help assess the musical growth of it's students. The program is designed to work on a student's Chromebook or home computer or laptop, as well as two assignment stations located in the band library. Students will be required to complete MakeMusic assignments as per the directors discretion. If done at home or on a school Chromebook, students will need to use their own set of wired headphones to complete the assignment. Wireless headphones are not compatible with MakeMusic.

---

## PARTICIPATION

Students are given a weekly class participation grade. Participation is not just about playing your instrument! Students should be prepared with a good attitude, ready to take part in discussions in class, and complete all assignments. Students should also expected to have their instrument every day, a black binder with page protectors for music, a pencil (NO PENS!), and be ready to play at 12:55PM.

# General Guidelines

## Attendance and Absences

### **BAND CLASS ATTENDANCE**

Attendance is taken every day during band class. Due to the size of the band class, attendance is determined by the student placing their phone in their assigned pocket on the band room wall facing the instrument closet. If a student's phone is not in their designated pocket, it is assumed they are absent and will be marked as such.

Students are expected to be set up with their instrument, music, chair, and stand by 12:55PM. Failure to do so will result in the student being marked late.

### **BAND CLASS LATES**

Students who are late to class must present a pass to the band director. Failure to present a pass will result in the student being marked late. As per Toms River North guidelines, students who accrue three lates will be written up for a cut.

### **DRESS REHEARSAL AND CONCERT ATTENDANCE**

All dress rehearsals and performances are mandatory.

You are expected to be at every dress rehearsal and performance. All band events are located on our calendar at least 6 months prior to the event. Please schedule accordingly.

### **EXCUSED ABSENCES**

If you are to miss a dress rehearsal or concert, please note that only certain circumstances are accepted as reasons to be excused from these events:

- Sickness - Doctor's note required for all ailments
- Death in immediate family
- Family wedding
- Religious holiday
- College entrance test

## **EXCUSED ABSENCES CONTINUED**

In each of the cases listed above, an e-mail from your parent or guardian must be provided **AT LEAST TWO WEEKS IN ADVANCE** of the planned absence, unless sudden or an emergency. The more time, the better! Failure to do so will result in an unexcused absence, impacting the students grade.

Any other excused absence will be on a case by case basis at the directors discretion.

All excused absences from a performance will require the student to complete an alternate assignment.

## **UNEXCUSED ABSENCES**

Unexcused absences from any dress rehearsal or performance will negatively affect your grade. These events are considered tests and can affect you to the point of failing the band class for a marking period. Please be mindful of your absences.

Please note that attendance records are reviewed when a student is being considered for awards, student leadership positions, recommendation letters, and scholarships. Failure to adhere to our attendance policies may result in forfeiture of any or all of these opportunities.

---

# Behavior

As a member of the Mariner Band program, you are constantly on display representing, the band, the school, and the town. You will be held to a high standard than many students at Toms River North. Any misconduct by a student will be subject to disciplinary action.

**Peers** - Every band member is expected to treat their peers with respect. This includes inside the classroom and school, outside of school, on trips, and on the internet and social media.

**Staff** - All staff members will be treated with respect. The staff of the Toms River North Bands, both curricular and extracurricular, have been hired due to their professional experience in their area. Any misconduct towards staff is unacceptable.

**Behavior** - Swearing, foul language, fighting, yelling, and public displays of affection are not permitted at any band event, in and out of the classroom. Furthermore, all student behavior records will be assessed when joining or returning to the band class and extra curricular ensembles. If a student is found to have a behavior issue before joining the band, or at the end of the year while in the band, their membership in the band class as well as any extracurricular ensembles will be revoked.

**Hazing and Harassment** - Any acts of hazing, harassment, or bullying will be dealt with through the district HIB plan. If a student is found to be committing any of these acts, they will be removed from the program.

**Illegal Substances** - Any circumstance where a band member is found in possession of an illegal substance will be handled according to the district substance policy. In addition, students should not be in possession of any over the counter drugs that can be considered dangerous. Any student found with a substance on them will be removed from the program.

# Band Equipment

The Toms River North Band has many instruments for students to utilize during their time in the program. The program can supply most larger wind instruments and all percussion instruments for its students. The following instruments must be supplied by the student:

- Flute
- Clarinet
- Alto Saxophone
- Tenor Saxophone
- Trumpet

These instruments can be rented through local establishments such as Music & Arts.

## INSTRUMENT CARE

It is imperative for students to keep their instruments clean and in working order. The condition of our equipment can directly impact the quality and perception of our performance. Should your instrument have an issue, please bring it to the directors attention ASAP. While minor repairs can be done in house, in some cases the instrument will have to be sent out for repair.

**Please note** - if an instrument is owned or rented by a student, it is the student and their parent or guardians responsibility to have their instrument repaired in a timely manner and on their dime. If a student is using a school owned instrument, the repair will be covered by the school unless the damage was caused by negligence by the student.

## INSTRUMENT GUIDELINES

Keep your instrument clean at all times.

If it isn't yours, do not touch it! This goes for all equipment in the band room!

You are responsible for your instrument at all times. Please make sure it is stored in its correct spot in the band room or instrument closet.

# Curricular Ensembles

Toms River North offers two curricular performing ensembles for band and percussion musicians. At the beginning of the school year, all band students are auditioned for chair placement in our ensembles. A student “holds” that chair for the entire school year.

## **SYMPHONIC BAND**

The Symphonic Band is a large ensemble which all members of the band program are a member of. This ensemble plays music that is challenging, but made for most playing abilities.

## **WIND ENSEMBLE**

The Wind Ensemble is a smaller performance group made of the top players of the band program. This performance group plays more advanced and demanding music than the Symphonic Band. Each member that scores high on their yearly audition is invited to be a member. These students will play in both ensembles.

## **PERCUSSION ENSEMBLE**

Due to the influx of drummers to the Toms River band program, drummers who make the Wind Ensemble will not play in Symphonic Band so those percussionists can have an opportunity to play music as well. Wind Ensemble percussionists are required to be in Percussion Ensemble and will rehearse on days when the Symphonic Band rehearses.

# Extra Curricular Ensembles

The Toms River North Band Program offers a wide range of extra curricular performance opportunities for student musicians.
